

# Durco® Pump Maintenance Packs A & B

Replacement Parts Kits

## Pack More Life Into Your Pump

### Pump Pack A

*Includes: Gaskets; carrier and adapter O-rings; isolators (or lip seals)*

### Pump Pack B

*Includes: Gaskets; carrier and adapter O-rings; isolators (or lip seals); bearings; locking hardware; retaining ring; shaft key; sightglass; breather vent*

### Everything You Need in One Box

Durco Pump Maintenance Packs provide everything you need in one box to maintain and even upgrade your ASME (ANSI) pump for maximum reliability and extended mean time between repair (MTBR).

In addition to the Flowserve OEM promise of quality assurance with correctly fitting parts, Durco Pump Maintenance Packs provide:

- Simplicity
  - Routine maintenance couldn't be simpler. The technician grabs one box containing all the needed parts and is ready to go. No return trips to the stockroom for a forgotten or mis-sized part.
- Economy
  - Since everything is in one box, there is only one part number to track. Inventory levels and associated costs, the number of suppliers and the administrative burden are all instantly reduced.
- Reliability
  - It's all about increasing uptime. Durco Pump Maintenance Packs make it easy to restore ASME (ANSI) pumps to prime operating condition—fast.

**Experience In Motion**
